

Platform

Overview

The Force Systems Management module Platform process provides the ability to view, create, or update the platform information. The Platform is at the Force level, which means each of the Force Elements see the same platforms.

Navigation

MASTER DATA MGMT > Platform > Platform page

Procedures

Search for a Platform

One or more of the Search Criteria fields can be entered to isolate the results. By default, all results are displayed. Selecting  at any point of this procedure returns all fields to the default "All" setting.

1. In the Search Criteria box, narrow the results by entering one or more of the following optional fields.

2. Select . The Search Results panel opens, showing the list of Platforms.

Delete a Platform

Overview

The Platform Delete process allows removal of a Platform from the Force Element.

Navigation

MASTER DATA MGMT > Platform > ☐ (desired record) >  Delete > Delete a Platform pop-up window

Procedures

Delete a Platform

Selecting  at any point of this procedure removes all revisions and closes the page.

Selecting  retains the information and returns to the previous page. **Bold** numbered steps are required.

1. Select ☐ in front of the desired platform. *The row is highlighted, and  appears.*

The screenshot shows a 'Search Results' window with a table. The table has columns: Platform Na..., Platform Description, and Remarks. The first row is selected, indicated by a blue background and a checkmark in the first column. The row contains the text 'BPG123', 'BPG Test', and 'BPG Test'. Below the table, there are navigation controls including 'Selected 1/1', '100 items per page', and '1 - 1 of 1 items'.

2. Select . *The **Delete Platform** pop-up window appears.*

Delete Platform
