Depreciation Update

Overview

The Materiel Management/Inventory Control Point (MM/ICP) module Depreciation Update process provides the ability to define the "Activation Dt" as the date the asset is to commence depreciation.

Navigation

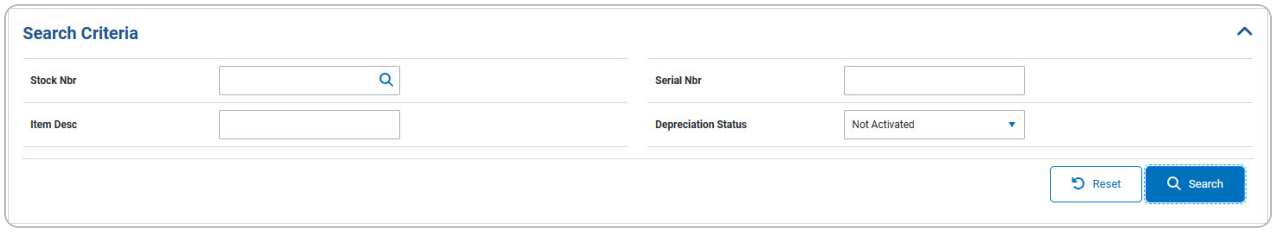

MATERIEL MGMT > Depreciation Update > Depreciation Update page

Procedures

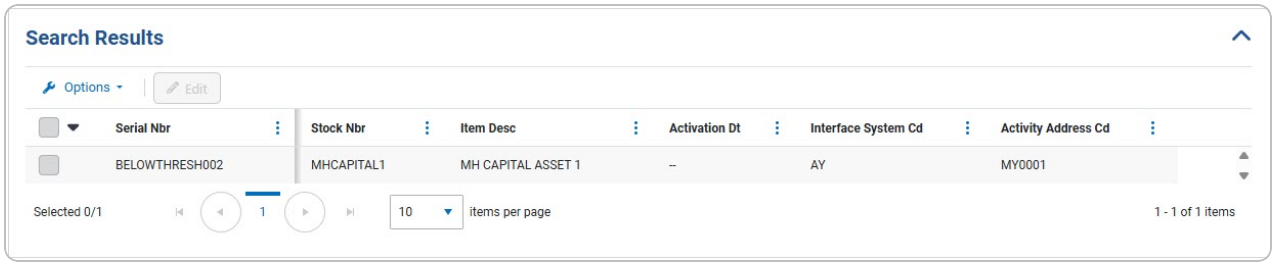

Search for a Depreciation Update

One or more of the Search Criteria fields can be entered to isolate the results. By default, all results are displayed. Selecting Reset *at any point of this procedure returns all fields to the default "All" setting.*

1. In the Search Criteria box, narrow the results by entering one or more of the following optional fields.

2. Select Search. *The Depreciation Update Search Results appear.*

Edit a Depreciation Update

Navigation

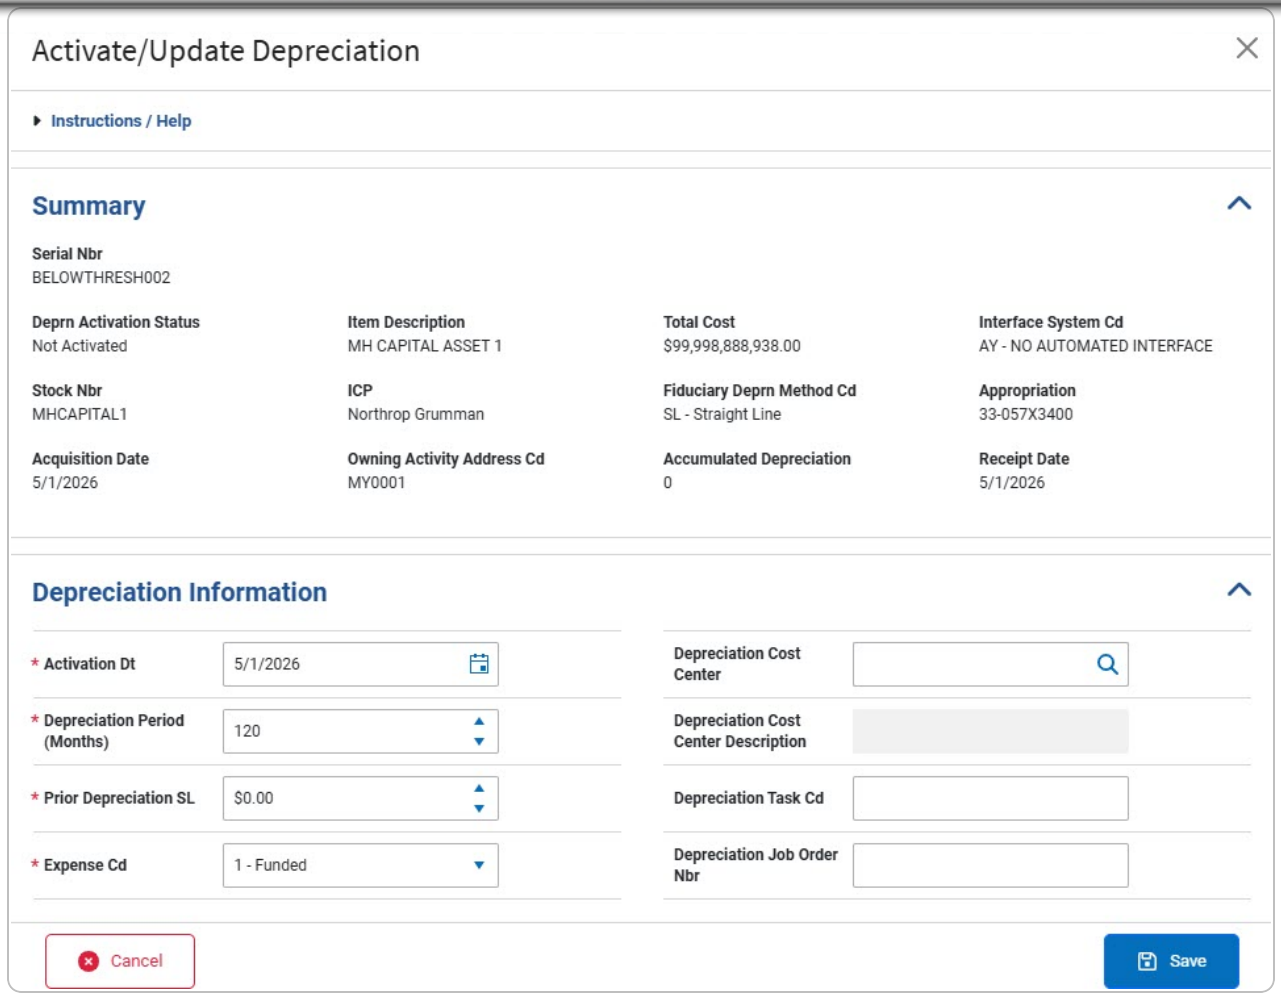

MATERIEL MGMT > Depreciation Update > ☐ (desired record)> Edit > Edit a Depreciation Update slide-out window

Procedures
