

Stock Item Overview

Overview

The Materiel Management/Inventory Control Point (MM/ICP) module Stock Item process provides the ability to view, add, update, and delete Stock Item records directly associated with an RSA.

Note

All Stock Item records **must** be associated with a CATALOG STOCK NBR record with a matching Catalog Name in the Logistics Program.

Stock Item records are created to establish attributes specific to an RSA. Those attributes may include:

- RSA
- Item Manager
- Minimum Stocking QTY
- Maximum Stocking QTY
- Freeze Code (Lookup)
- Reorder Point
- Reorder Method (Lookup)
- Minimum Order QTY
- Maximum Order QTY
- Replenishment Source (Lookup)
 - **R** - Requisition (New Procurement)
 - **W** - Warehouse Transfer (for RSAs)

Add a Stock Item

Navigation

CATALOG MGMT > Stock Item >  > Add Stock Item pop-up window

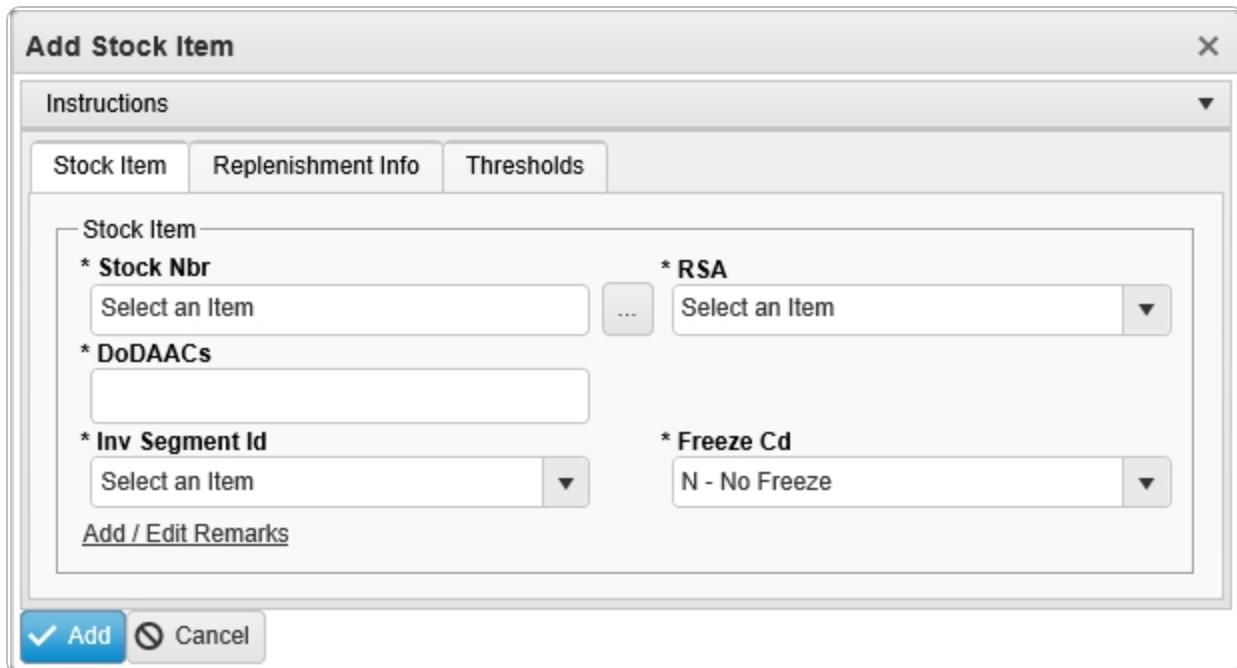

Procedures

Add a Stock Item

Selecting **Cancel** at any point of this procedure removes all revisions and closes the page. **Bold** numbered steps are required.

1. Select . The **Add Stock Item** pop-up window displays, with the Stock Item tab available.

The screenshot shows the 'Add Stock Item' pop-up window. The window has a title bar 'Add Stock Item' and a close button 'X'. Below the title bar is a 'Instructions' section with a dropdown arrow. The main content area has three tabs: 'Stock Item' (selected), 'Replenishment Info', and 'Thresholds'. The 'Stock Item' tab contains the following fields:

- * Stock Nbr: A dropdown menu labeled 'Select an Item' with a '...' button to its right.
- * RSA: A dropdown menu labeled 'Select an Item' with a '...' button to its right.
- * DoDAACs: A dropdown menu.
- * Inv Segment Id: A dropdown menu labeled 'Select an Item' with a '...' button to its right.
- * Freeze Cd: A dropdown menu labeled 'N - No Freeze' with a '...' button to its right.
- Add / Edit Remarks: A text area.

At the bottom of the window are two buttons: a blue 'Add' button with a checkmark icon and a grey 'Cancel' button with a cancel icon.

Help Reference Guide

2. Enter the STOCK NBR, or use  to browse for the entry. *This is a 15 alphanumeric character field.*
3. Select the DoDAACs field to choose the DoDAAC from the list.
4. Use  to select the Inv Segment Cd.
5. Use  to select the RSA.
6. Use  to select the Freeze Cd.

Select  **Add**. *The new Stock Item record is saved, and appears in the Stock Item results grid.*

7.

OR

Select the Replenishment INFO tab to continue adding information.
