

Search for a MAINT SCHED ID Prefix — Criteria

Overview

The Maintenance and Utilization module Maintenance Schedule Identifier Prefix process provides the ability to create and identify the MAINT SCHED ID. The MAINT SCHED ID Prefix runs in conjunction with the Schedule Preventative Maintenance process during the creation of the MAINT SCHED ID.

Navigation

Master Data > MAINT SCHED ID Prefix > MAINT SCHED ID Prefix Search Criteria page

Procedures

Search for a MAINT SCHED ID Prefix

One or more of the Search Criteria fields can be entered to isolate the results. By default, all results are displayed. Selecting [Reset](#) at any point of this procedure returns all fields to the default "All" setting.

1. In the Search Criteria box, narrow the results by entering one of the following optional fields.

2. Select [Search](#). The **Maintenance Schedule Identifier Prefix Search Results** page

appears.
