

# **Upload a GSA Fleet File**

#### **Overview**

The Maintenance and Utilization module General Services Administration (GSA) Fleet Upload process provides the ability to insert new records for the GSA Fleet via a browser upload. The ability to identify any errors during the process is also available. The process uses .csv files to upload the data.

The process consists of a five step sequence:

- 1. **File Upload** Locate the .csv file to upload
- 2. **Choose Template** Choose the type of data to convert
- 3. **Specify Columns** Match the mandatory columns to the .csv data
- 4. **Update ELMS** Upload and initially verify the data
- 5. **Transaction Results** Verify the results were processed successfully
