Procedures

Create and Plan Picks

One or more of the Search Criteria fields can be entered to isolate the results. By default, all results are displayed. Selecting  at any point of this procedure returns all fields to the default "All" setting.

1. Select ☐ next to the desired request.
2. Select . The Pick Menu appears.
3. Select . The **Create and Plan Pick** pop-up window appears.

Help Reference Guide

The screenshot shows a window titled "Create and Plan Pick" with a close button (X) in the top right corner. Below the title bar is a tab labeled "Instructions". Underneath, there is a section titled "Pick Information". This section contains three fields: "Cost Center" with a dropdown menu showing "Optional" and an information icon (i); "Personnel" with a dropdown menu showing "Optional" and an information icon (i); and "Staging Location" with a text box containing "45 - ROOM 45" and a search icon (three dots). At the bottom of the dialog are two buttons: "✓ Create Pick" and "⊗ Cancel".

4. Use  to select the Cost Center, or use  to assist with the entry. *This is a 25 alphanumeric character field.*
5. Use  or  to assist with the Staging Location entry. *This is a 20 alphanumeric character field.*
6. Use  to select the Personnel, or use  to assist with the entry. *This is a 150 alphanumeric character field.*
7. Select . *The new system-generated pick number appears in the Pick NBR column.*
