

Size Category

Overview

The WAREHOUSE MGMT module Size Category process provides the ability to add, update and delete a Size Category. Each item of gear that is issued in more than one size is classified under a size category.

Note

An example of a **Size Category** that could be added is **Boots, HW**. The Description of **Boots, HW** might be entered as **BOOTS, HOT WEATHER**. The Size Category will appear on the individual issue screen and be associated with a Line Item Number/Table of Authorized Materiel Control Number (LIN/TAMCN).

Add a Size Category

Navigation

CATALOG MGMT > Size Category >  > Add a Size Category slide-out window

Procedures

Add a Size Category

Selecting  at any point of this procedure removes all revisions and closes the page.
Bold numbered steps are required.

1. Select . The **Add a Size Category** slide-out window appears.

The screenshot shows a slide-out window titled "Add Size Category" with a close button (X) in the top right corner. Below the title is a link for "Instructions / Help". The form contains three input fields: "Size Category", "Size Category Desc", and "Remarks". At the bottom left is a "Cancel" button with a red X icon, and at the bottom right is a "Save" button with a floppy disk icon.

2. Select . The new Size Category record is saved, and appears in the search results grid.

Update a Size Category

Navigation

CATALOG MGMT > Size Category >  (desired record) >  > Edit Size Category slide-out window
