

SUBSTITUTE STOCK NBR

Overview

The Warehouse Management module Substitute Stock Number process provides the ability to establish a stock number substitute program. The process can be used to cross reference one or more substitute stock numbers that can replace with some or all the capabilities of the substituted item.

Procedures

Search for a SUBSTITUTE STOCK NBR

One or more of the Search Criteria fields can be entered to isolate the results. By default, all results are displayed. Selecting  at any point of this procedure returns all fields to the default "All" setting.

1. In the Search Criteria box, narrow the results by entering one or more of the following optional fields.

The screenshot shows a search form with the following fields and controls:

- Instructions** (dropdown menu)
- Search Criteria** (header)
- Stock Nbr**: dropdown menu set to "All", followed by a "..." button.
- Item Desc**: text input field.
- LIN/TAMCN**: dropdown menu set to "All", followed by a "..." button.
- Search** button (magnifying glass icon)
- Reset** button (refresh icon)

2. Select . The Search Results are displayed in the SUBSTITUTE STOCK NBR grid.

The screenshot shows a table titled "Substitute Stock NBR" with the following data:

Stock Nbr ↑	Item Desc
▶ 113811381138A	LIGHT SABER - BLUE
▶ 113811381138B	LIGHT SABER - GREEN
▶ 113811381138C	LIGHT SABER - PURPLE

Below the table, there are navigation controls: a "1" in a circle, "50 items per page", and "1 - 3 of 3 items".

Add a SUBSTITUTE STOCK NBR

Procedures

Add a Substitute Stock Number

Selecting  at any point of this procedure removes all revisions and closes the page. **Bold** numbered steps are required.

1. Select . The **Add SUBSTITUTE STOCK NBR** pop-up window appears.

The screenshot shows a window titled "Add Substitute Stock Nbr" with a close button (X) in the top right corner. Below the title bar is a section labeled "Instructions" with a dropdown arrow. Underneath is a tab labeled "Substitute Stock Nbr". The main content area is titled "Substitute Stock Nbr Details" and contains the following fields:

- i * Stock Nbr**: A text box with "Select an Item" and a dropdown arrow, followed by a small "..." button.
- i * Substitute Stock Nbr**: A text box with "Select an Item" and a dropdown arrow, followed by a small "..." button.
- * Compatibility %**: A text box with "100" and a dropdown arrow.
- * Inverse Compatibility %**: A text box with "0" and a dropdown arrow.

At the bottom left of the details area is a link that says "Add / Edit Remarks". At the bottom of the window are two buttons: a blue "Add" button with a checkmark and a "Cancel" button with a circle and slash.

2. Use  or  to assist with the REPLACEMENT STOCK NBR entry. *This is a 15 alpha-numeric character field. When the field is entered, additional fields appear.*
