Search for a Master Issue List Record

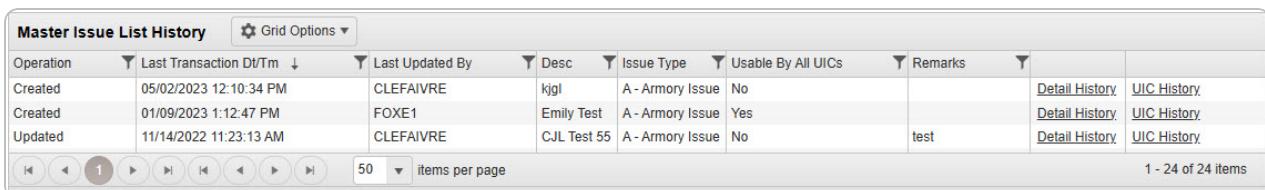

One or more of the Search Criteria fields can be entered to isolate the results. By default, all results are displayed. Selecting  at any point of this procedure returns all fields to the default "All" setting.

1. In the Search Criteria grid, narrow the results by entering one or more of the following optional fields.

The search criteria grid includes fields for Desc (text box), Issue Type (dropdown menu set to All), UIC (text box set to All), and buttons for Search and Reset.

2. Select . The Search Results appear.

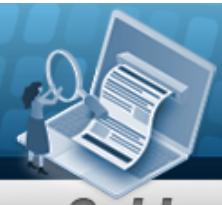

The grid displays the following data:
