

The Warehouse Management module Work Order Inquiry process provides the ability to inquire about the M&U work orders.

With the Enterprise Rollup, searches can be focused within a particular Logistics Programs, Regions, Sites, or Warehouse.

Inquiries > Maintenance > Work Orders

Search for a Work Order

One or more of the Search Criteria fields can be entered to isolate the results. By default, all results are displayed. Selecting  at any point of this procedure returns all fields to the default "All" setting.

1. In the Search Criteria section, narrow the results by entering one or more of the following fields.
