DPAS Quick Reference Guide

LIN/TAMCN Authorization- Add/Update/Delete

AUTH - Update & Delete

1. To UPDATE or DELETE a LIN Authorization in DPAS, navigate to the **Authorizations> Authorization** menu path.
2. Browse and Select the **LIN/TAMCN**.
3. Select **Search**.

All search criteria fields are optional. Providing search criteria reduces the number of returns.

4. The **LIN/TAMCN Authorization Search Results** page displays. There are two options:

- Delete
- Update

5. To DELETE, select the **Delete** hyperlink.

An authorization cannot be deleted if there are any assets assigned to that authorization.

6. Enter History Remarks.
7. Select **Delete**.

Auth - Update & Delete

1. To UPDATE an authorization, select the **Update** hyperlink.
2. Enter the updates to the authorization.
3. Select the **Update** button.
