Effective Date

31 August 2022

Release Notes Overview

Release 2022.2.0.2 for the Defense Property Accountability System (DPAS) was released on August 31, 2022.

This release corrects program deficiencies identified by the user community. The update impacts the Maintenance and Utilization module and the Warehouse Module.

Maintenance and Utilization (MU) Module

Help Ticket

The following Maintenance and Utilization Help Tickets were closed by this release:

Work Order AU (LPWMAN12)

Help Tickets #73190

- Corrected a deficiency where users were unable to pick Team Members in the Team Member drop down in Work Order if they are not associated to a team.

Help Tickets #73189

- Corrected a deficiency where the Unit Cost field was a required field and not permit the default value of $0.00 to be used.

Help Tickets #73171

- Corrected a deficiency where Work Orders could not be closed when the Service State Date and End Date were the same.

Help Tickets #73159, 73186

- Corrected a deficiency where NMC back dating was not working correctly.

Warehouse

Help Ticket

The following Warehouse Help Ticket was closed by this release:

Warehouse Activity Report (LPWHR78)

Help Tickets #73213

- Corrected a deficiency where after the Activity Report was submitted and entered the queue a critical error would be generated.
