

## Effective Date

16 February 2017

## Release Notes Overview

Release 5.0.02 for the Defense Property Accountability System (DPAS) was released on February 16, 2017.

This release corrects program deficiencies identified by the user community. The update impacts the Warehouse Module.

## Warehouse Management (WM) Module

### Help Tickets

The following Warehouse Help Tickets were closed by this release:

#### *Receiving (LPWHN19)*

##### Help Ticket #12755

- Corrected a deficiency that caused an Unmanaged SKO Kit to be received as a Condition Code 'G' when all components were accounted for and should have been Condition Code 'A'.

##### Help Ticket #13043

- Corrected a deficiency that caused the Receiving grid to not load correctly due to the number of Documents causing the user the in-ability to continue with a Document or Add a new one.

#### *Inventory Update (LPWHN52)*

##### Help Ticket #12846

- Corrected a deficiency that caused the user to receive an error on Inventory Update when attempting a location move of a Managed SKO Kit.
